

Product Schedule: Inbound Number Services -Terms and Conditions

1. **Purpose:** This Product Schedule forms part of the Product Agreement between Arrow and the Customer in relation to Inbound Number Services and sets out terms and conditions which are specific to the provision of such service. It is in addition to and subject to Arrow's standard Terms and Conditions, and does not in any way replace them. Capitalised terms used in this Product Schedule have the same meaning as in the Terms and Conditions. Where there is a conflict between the terms of this Product Schedule and the Terms and Conditions, the terms of this Product Schedule shall apply.
 - 1.1 **Inbound Number Services:** The term "**Inbound Number Services**" means the provision of Inbound Numbers by Arrow to the Customer. An "**Inbound Number**" is a telephone number on which the Customer can receive inbound calls. Where the Customer has contracted for Inbound Number Services, the following provisions shall apply:
 - 1.2 **Number Reservation:** Arrow may reserve a number, or group of numbers on behalf of the Customer. Should these numbers, or an individual number within a number range remain unconnected for a period of three months Arrow reserves the right to re-allocate these numbers in favour of another customer.
 - 1.3 **Destination Number:** All Inbound Numbers can only be configured as standard to redirect to UK national geographic and UK mobile numbers. International destinations may be available on written request and subject to credit clearance and/or deposit.
 - 1.4 **Rebates:** In the event of a rebate to the Customer being applicable on a given Inbound Number range (as listed in the Product Agreement), then Arrow will calculate the rebate due at the beginning of each calendar month, based on the preceding month's call data. Arrow will pay the rebates at the end of the month after the month in which the call was made. Arrow may offset any rebates due against any monthly service charges, charges for other inbound services or charges for other Fixed Services. Should the amount of rebate due be less than £50 Arrow reserves the right to roll the rebate over to a future billing period until such time as the aggregated amount due shall be greater than £50. Should any amount due to Arrow for any service provided to the Customer be unpaid for more than 60 days after its due date, Arrow reserves the right to offset the outstanding out-payment against any sums so due from the Customer.
 - 1.5 **Zero Usage:** In the event of any Inbound Number failing to receive a minimum 30 minutes of call traffic per month, then Arrow reserves the right to suspend service on this number. Should this level of traffic continue without increase for a period of three months, then Arrow reserve the right to disconnect the number.
 - 1.6 **Number Termination:** In the event of cessation of an Inbound Number service within the initial 12 months of its connection to the Network, the Customer will be liable for a termination fee of all monthly recurring charges associated with that Inbound Number up to the end of that 12-month period.
 - 1.7 **Current Supplier:** On signature of the Product Agreement, Arrow will facilitate the switching of the relevant service(s) to an Arrow Network Operator. Arrow is not liable for any termination fees payable by the Customer to their current supplier, regardless of whether this is in lieu of a notice period or for any other reason.
 - 1.8 **Early Termination:** If the Customer attempts to terminate this Product Agreement during the term of this Product Agreement, Arrow reserves the right to invoice the Customer for an early termination charge, made up of:
 - (1) line rental or service charges up to the end of the Term, or 12 months after an inbound number was initially connected to the Network (whichever is the greater);
 - (2) A charge equivalent to the Customer's average monthly call spend, such call spend to be calculated based on the invoices raised covering the three months prior to the month in which the 'early termination event' occurred;If in any month during the minimum term of this Product Agreement the Customer's monthly call charges reduce by more than 75% of the previous 3 months' average monthly call charges, this shall be deemed to constitute a termination of the Product Agreement by the Customer and Arrow shall be entitled to invoice the Customer for the early termination charge accordingly.
2. **Use of Service:** The Customer is required to use the service in accordance with Arrow's Acceptable Usage Policy as amended from time to time and hereby warrants that they shall use the service in accordance with Arrow's Acceptable Usage Policy.
3. **Changes to the Agreement for Consumers:** The provisions of this paragraph 3 apply where the Customer is entering into the Product Agreement as a Consumer, this being an organisation of 10 employees or less. Where this paragraph 3 applies, the following changes shall be deemed to have been made to the standard Terms and Conditions:
